Dear Ms Oddy

I write to state my against to this scheme. The costs that must have been occurred last time and then again for this must be huge and utterly wasteful of our taxpayers money, given that the local community's voice remains strongly the same. Surely there is much more useful and practical and purposeful ways for the Network to use their money and the tax collectors ours.

Hope this will settle as our community desires and that there is no further raising of it in the foreseeable future.

Kind regards

Mrs Johnson, Otford Resident.
